

Alternative Gift Giving: 2010-2011

Surprise your friends and relatives with the gift of water or sanitation projects that are desperately needed.

Help educate your family and friends to alternative giving that truly helps bring basic necessities to others.

Global Partners: Running Waters, Inc. offers two opportunities for giving:

1. Water project in Riyuyup, Guatemala

This project is needed in order to provide potable water; it will benefit about 86 families or 516 individuals.

2. Water filter and sanitation projects in Haiti

The water project will provide water filtration for seven schools in the mountain area of Amazones, southwest of Port au Prince and an initial set up of four water filters for the Port au Prince Orphanage. The sanitation project will involve installation of private family owned/maintained "arborloo" toilets. The arborloos are much like an outhouse, but once the pit fills the arborloo is physically lifted over a new pit, and the old pit is then planted with a tree. It is an extremely cost effective, self-sustaining answer to the lack of sanitation in the area.

Contributions in any amount are greatly appreciated.

Gift Acknowledgements can be provided for birthdays, anniversaries, weddings, graduations, etc.

If you have questions, contact: Sister Jan Gregorcich, SSND – 262-787-1010 – globalpartners@ssnd-milw.org
